ROUTINE NOTES.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

Improvement of the Madrawati town and preventing the pollution of the river water

Messrs A. Arumpiah, Pharmajatha, Shimoga Dist. Salut:

2175
26-9-24

The old town of Madrawati has become highly congested and most insanitary on account of the influence of the foreign labour organised for the Iron works at Madrawati. As a result of this phenomenal rise of common accommodation the evacuation of the town with water-supply should be very necessary. It is hoped that as already proposed the Iron works the improvement of the town as above may be undertaken early.

N. B.—Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

NOTE —Contn. sheet.

SUBJECT.

Improvement of the Bhadravati town and - - preventing the pollu- - tion of the river water.

By

Messrs. A. Anantiah and Bharmarajappa, Shimoga Taluk.

Secretariat Notes.-

SUMMARY OF REPRESENTATION.

The old town of Bhadravati has become highly congested and most insanitary on account of the influence of the -- foreign labour required for the Iron - - Works at Bhadravati. As a result of -- this, epidemics are of common occurrence. The extension of the town with water- -- supply thereto is very necessary. It - is prayed that as already proposed by -- the Iron Works the improvement of the -- town as above may be undertaken early.

Bhadravati is a Minor Municipality. But it has an income of nearly Rs. 7,000 a year. Its closing balance is said to amount to Rs. 1,20,258. A Sanitary Inspector was recently sanctioned for this Municipality and with his supervision -- the sanitary condition is likely to improve very much in future.

As regards the question of extension and water supply, the Municipal Council - may consider suitable proposals and Government may sanction suitable grant-in-aid when and if funds permit.
